

PAAD – Project Alignment and Delivery

Membership

PAAD is an industry leaders group that targets improvement of project delivery by engaging industry leaders to implement best practices and showcase to Alberta how we can do projects. Members of PAAD are from all parts of the project delivery process from Owner, EPC, contractor to suppliers and labour organizations.

PAAD co-founded and participates in a larger initiative; the **Alberta Projects Improvement Network**. Our collective mission is that the Alberta Energy Industry will be Twice as Safe, Twice as Productive by 2020 and ultimately internationally competitive.

GO Productivity is an enterprising non-profit corporation working alongside Canadian businesses to build their internal capacity to reduce waste and increase profits, sustaining and building Alberta and Canada’s place in the world market. GO Productivity is the *managing partner* of the Alberta Projects Improvement Network and also facilitates PAAD.

The PAAD structure includes a group of voting members called the Founders Group and a group of non-voting members called Associates. All members participate in demonstration and implementation projects that fulfill PAAD’s main function to engage industry to improve. More details about each level of membership are included in this document.

Founder Membership Level

Ideal Candidates

- **Leaders of the Alberta Energy-related Industry**
- **Leaders of Change:** implement change and set new standards
- **Action-oriented:** participate in vital implementation projects
- Supporters of industry-wide improvement as key to their own company's success
- Representatives of one or more parts of the entire project delivery process from Owner, EPC, Constructor, Fabricator, Supplier to Transportation and Labour.

Roles and Responsibilities

- Attend PAAD Founder's Meetings Quarterly (4 hours each)
 - Review and guide PAAD operations as a **voting member**
 - Approve the Strategic Plan, Operating Plan and the Budget for PAAD on an annual basis
 - Work together with colleagues to set standards for the energy-related industries
- Be the main influencers that will lead the change
- Sponsor Demonstration or Implementation Projects when applicable

Benefits

Network and Community

- Leading role in the industry
- Direct connection to leading expertise and best practice implementers
- Free access to PAAD-generated research and publications

Marketing

- Company Logo included on PAAD website, JuneWarren-Nickles Energy website, PAAD recruitment package, and on relevant PAAD materials associated with work completed by your representatives
- Company Logo and visibility at annual conference hosted by JWN
- Opportunities to sponsor and/or participate in JWN events such as webinars and speaker series

PAAD Projects

DEMONSTRATION PROJECT – TRYING A NEW BEST PRACTICE FOR THE FIRST TIME IN A PROTECTED ENVIRONMENT WHERE ALL PARTIES WITHOUT LIABILITY CAN IMPLEMENT THE BEST PRACTICE

IMPLEMENTATION PROJECT – TAKING THE BEST PRACTICE AND IMPLEMENT IT IN THE WORK PROCESS AND THE CULTURE OF THE COMPANY TAKING INTO ACCOUNT THE LESSONS LEARNED DURING THE DEMONSTRATION PROJECT

Associate Membership Level

Ideal Candidates

- Thought Leaders and Champions for change
- Representatives of one part of the entire project delivery process from Owner, EPC, Constructor, Fabricator, Supplier to Transportation and Labour.

Roles and Responsibilities
